

**2+2 Articulation Agreement  
between  
Paris Junior College and TAMU Biomedical Sciences**

This agreement serves to facilitate the admission and academic transfer of students from Paris Junior College to the Biomedical Sciences program (BIMS) in the Texas A&M University College of Veterinary Medicine & Biomedical Sciences. As students progress successfully toward the completion of the Associate of Science degree, this agreement will ensure the seamless transition of students into the BIMS program according to the provisions and conditions below:

1. Paris Junior College students who complete the attached degree plan, as full time students will be admitted to the BIMS program automatically, provided: they meet all other general admission requirements (i.e., transcripts, applications, time lines, deadline dates, etc.) for transfer admission to Texas A&M University.
2. Students must have maintained no less than a cumulative 3.4 GPA in the courses taken at Paris Junior College and be eligible for graduation from Paris Junior College.
3. Students must not have made any grade below a "B" in all of their Common Body of Knowledge (CBK) science and math course work.
4. This agreement will be reviewed on an annual basis and may be amended by mutual written consent of both parties by issuing an addendum to this agreement.
5. This agreement will commence effective the Fall 2020 semester with commitment of a five (5) year period.

EXECUTED in TWO (2) original counterparts on this 31<sup>st</sup> day of August, 2020.

2 + 2 Articulation Agreement

**BIOMEDICAL SCIENCE**

(Associate of Science)

Director for this program is- Dr. Jack Brown

Paris Junior College and Texas A&M University - College Station have entered into an articulation agreement to provide a seamless transition for students into a Bachelor of Science Degree in Biomedical Sciences at Texas A&M University - College Station for those who complete the Associate of Science Degree in Biomedical Science at PJC. PJC students are required to complete the approved A.S. in Biomedical Science degree plan with a 3.4 GPA and no grade below "B" in science or math courses to be guaranteed admission as a junior in the Biomedical Sciences program at TAMU.

Biomedical Science is the broad field of applied biology related to health and disease. Biomedical Sciences baccalaureate graduates are primed to enter such professional schools as human medicine, veterinary medicine, dentistry, osteopathy, podiatry, optometry, pharmacy, and law just to name a few.

**First Year**

<b>First Semester</b>		<b>Credits</b>
EDUC 1100	Learning Frameworks	1
Engl 1301	Composition-Rhetoric	3
Biol 1406	Majors Biology I	4
Chem 1411	General Chemistry	4
Math 2413	Analytic Geometry and Calculus 1	4
Total Credits		<u>16</u>

**Second Semester**

Biol 1407	Majors Biology II	4
Engl 1302	Composition-Rhetoric	3
Chem 1412	General Chemistry II	4
Math 2414	Analytic Geometry and Calculus 2	4
Total Credits		<u>15</u>

**Second Year**

**Third Semester**

Govt 2305	US Government	3
Chem 2423	Organic Chemistry I	4
Psyc 2301	General Psychology	3
Hist 1301	US History to 1877	3
Total Credits		<u>13</u>

#### Fourth Semester

Govt 2306	State and Local Government	3
Hist 1302	US History since 1877	3
Chem 2425	Organic Chemistry II	4
Musi 1306	Music Appreciation	3
Hist 2321	World Civilizations 1	3
	Total Credits	<u>16</u>
	<b>Grand Total</b>	<b>60</b>

**Note:** These courses are not required for the completion of an A.S. degree but they must be completed at Paris Junior College prior to transfer into the Biomedical Sciences program at Texas A&M University - College Station:

Phys 1401 – College Physics 1  
Phys 1402 – College Physics 2

**Contact Information:** If you have any further questions about admission into the program, what the requirements are, or what classes your student should be taking in high school please contact:
